**Provincial Circular EAP – MT.18**
**Apr 11, 2020**

**My dear Confreres,**

I wish you all a blessed Easter! May the Risen Lord bless us to treasure the life that he has won for us through his passion, death and resurrection!

**STAY AT HOME WITH JESUS, STAY SAFE, HE IS ALIVE**

The Easter message of peace, joy and hope is overshadowed by the unprecedented crisis of Covid-19. Easter is the feast of life, but we are confronted with death and disillusionment due to Coronavirus, which has spread across the globe. The sense of grief and loss associated with Coronavirus has social, economic, psychological and spiritual consequences beyond our comprehension as it affects the lives of everyone one way or other. The virus has upset even the age-old liturgical traditions of the Church. It has proven the inability of mighty governments and the inadequacy of superb healthcare systems of the world in combating its onslaught. It has exposed human frailty and vulnerability.

What does Covid-19 teach us during this Easter? Three years ago, on Palm Sunday Pope Francis had invited Christians to contemplate the face of Jesus "not only on paintings, or photographs, not only on video depictions" but "on the faces of many of our brothers and sisters . . . who are suffering." "Jesus is in them, in each of them with a disfigured face, with a broken voice, He asks to be looked at, to be recognized, to be loved." In fact, these days of LOCK DOWN, we are invited to LOOK UPON our brothers and sisters with the love of the Risen Lord who consoles us and gives us hope amidst uncertainty and insecurity of this world where we live. We see the suffering and helplessness of Jesus on the way to Calvary, in our brothers and sisters who are affected by the pandemic. However Calvary was not the end of the story. His Resurrection on the third day after his death gives us hope that God who suffered and died to redeem us would protect us. "Christ is alive and he wants you to be alive! He is in you, he is with you and he never abandons you." (Christus Vivit 1).

Coronavirus has suddenly taught us that we should not take life for granted. Life is to be treasured as intended by the Creator. We have time and again watered down God-given life in the name of various “isms” and as a result ignored the One who created us in his own image and likeness (Gen. 1:26). Let us value the gift of life and allow Gospel values - love, justice, truth and peace – to reign our lives, which would help us to lead a meaningful life here on earth and at the end, lead us to eternal life. We can find strength and ultimate hope in Christ, who has conquered death through his resurrection and assured us eternal life.

A beneficiary of this unexpected crisis is the earth, our common home, which we have exploited beyond description. We experience tremendous changes in nature during these days of total SHUT DOWN. Satellite images show dramatic reduction in pollution, people see nearby mountains clearly, and water is cleaner etc. Some extreme environmentalists would say “Corona is the cure and humans are the disease.” Whatever it may be, Covid-19 is inviting us to do justice to the earth and conserve the environment and wildlife as these are all vital to the eco system. Easter means new life. The present crisis provides us an opportunity to give the earth, which was suffering due to our selfishness, a new lease of life and invites us to preserve a healthy environment so that the present as well as the generations to come can enjoy a fuller life.

The Risen Lord is inviting us to be an epitome of love, justice, truth, peace and be responsible stewards of our planet. He exhorts us to be more human so that we can find the divine in our fellow human beings and in nature. Let these days of “social distancing” do not dishearten us but enable us to treasure one another. Let us STAY AT HOME with JESUS, who invites us to STAY SAFE by practising GOSPEL VALUES because He IS ALIVE, he gives us eternal life. May the Risen Lord fill our hearts with peace, courage and hope to overcome Covid-19 pandemic.

## VISITATION OF SUPERIOR GENERAL

The Canonical Visitation of our beloved Superior General Rev. Fr. Abraham Vettuvellil to the Province of East Africa began on March 07, 2020. Fr. General could visit only communities and confreres in Tanzania as the borders of Kenya and Uganda were closed due to Covid-19. We are very grateful to Fr. General for visiting our Province amidst the fear of Coronavirus. He met every confrere personally, prayed together and animated every community with his

orientations to revamp religious life, community life as well as various apostolates absorbing the spirit of General Chapter 2019. Please see below the highlights of his animation in the communities:

**1. Charism of our Congregation:** He exhorted us to live the spirit and spirituality of St. Francis de Sales in our communities for the mission of Christ. All our apostolates should be guided by our Charism.

**2. Community life:** He invited confreres to live our consecrated life as envisaged in our hallowed Constitutions. He emphasised on essential ingredients of community life such as common prayer, common Eucharistic celebration, minimum of half hour adoration daily, common meal, annual retreat and community meeting. He insisted that community meeting should take place once every month in every community. It should evaluate the religious life and various apostolates of the community. The bursar of each community should present the statement of accounts of the previous month. He also exhorted every confrere to lead a disciplined community life animated by the superior. There should be regular and punctual attendance in every community exercise.

**3. Mission:** He reminded that the essence of Fransalian way of life is the missionary dimension of our Charism as taught by our patron and the founder. In order to strengthen our missionary presence in East Africa Parish Mission Preaching (PMP), which is the primordial apostolate of the Congregation, has to be promoted. He insisted to form Fransalian Associates to spread the spirituality of St. Francis de Sales. He invited every confrere to promote the cause of our Founder Fr. Mermier.

**4. Daily Prayers** should include the following too: Prayer for the Cause of Fr. Peter Mermier, Prayer for the deceased confreres (MSFS Obituary), Monthly intention of the Superior General and Prayer in preparation for the extra-ordinary General Chapter.

## NEW WEBSITE OF THE PROVINCE

Handelsakademie (HAK: Business School) Oberwart, Austria has created a new website for the Province of East Africa with new features. The website domain remains the same: [www.msfs-eastafrica.com](http://www.msfs-eastafrica.com). Our Province website was created by Prof. Jutta Schneller and her students of HAK in 2011 and she is maintaining the website since 2011. As the programmes of the website were outdated, it was necessary to update it. We are very grateful to Prof. Schneller and her student Miss Ines Brunner for their patience and dedication to create a new website for our Province.

HAK students (Anja Brandstätter, Ines Brunner, Jana Kalischnig, Amélie Sitar und Carina Zingl) as part of their thesis for Diploma, visited Lumen Christi Institute together with their professors (Jutta Schneller, Iris Portschy and Brigitte Kropf) to learn more about Economy/Fair Trade, Educational system, Health Care System and Women empowerment in Tanzania. As part of their social commitment under the motto: When action meets compassion, life changes, they raised funds (€13.705) to establish a computer class room for Fransalian Hekima Secondary School at Maji ya Chai.

We sincerely thank Director of HAK Prof. Andreas Lonyai, staff, students and well-wishers of HAK for helping us to establish a computer classroom at Fransalian Hekima school.

### Salesian Thought

Our life is no longer ours but belongs to the one who gained it for us by his death.

We should live no longer for ourselves but to him: not in ourselves, but in him:  
nor for ourselves but for him. (TLG, VII.8)
